Growers of High Quality
Seasonal Plants & Flowers

**Superior Service,
Timing & Reliability**

"Growing towards the Future"

Hionis Greenhouses has over 15 acres of indoor greenhouse production. Our outdoor production has expanded to over 65 acres. We are always working and planning to increase our growing space in order to fulfill our client's needs and produce the highest quality products year after year. We grow year round - in spring we produce Easter bulbs, early cold crops (such as pansies, ranunculus & dianthus), spring bedding plants, flowering annuals, flowering hanging baskets & deck pots. In the fall and winter we grow outdoor mums, cabbage/kale, poinsettias for Christmas and so much more.

For over 50 years we have been proud to fulfill the requests of our valued clients. Whether it is precision timing for the holidays, custom programs specialized for your business, or fulfilling extra large orders that need to be distributed all over the tristate area. We will work with you closely and deliver the best grown product possible!

For more information please contact us directly, we will answer all your questions. We look forward to doing business with you.

Kindest regards,

The Hionis Family

Constant communication between **us**, the grower and **you**, the buyer - is key to success and quick sell through.

SUPERIOR SERVICE
RELIABILITY
TRUST

*Over 50 years of experience in selecting the best bulbs available,
and over 50 years of timing bulbs perfectly for all occasions!*

EARLY SPRING

TULIPS • HYACINTHS • DAFFODILS • HYDRANGEA • LILIES

Hionis Greenhouses is two generations of bulb growers, that means over 50 years of growing experience combined. First generation handing down knowledge & experience to second. Experience that includes the process of growing, careful handling of the plants & the precise timing of flowering for all occasions. We source only the best species, colors & varieties of bulbs through out the world.

Hionis Greenhouses has the experience and knowledge to time perfectly our crops, no matter if Easter falls early in March or in late April.

We have your order covered!

EARLY SPRING

*Early season crops bring color
to the grayest of seasons!*

EARLY SPRING

PANSIES • PRIMROSE

Hionis Greenhouses grow 65 acres of fall Mums annually. We hand pick and use the best varieties of Mums, timed perfectly for the fall decorating season. The demand for seasonal decorations keep growing exponentially. Mums as well as Cabbage, Kale & Pansies have become a staple to the season. We grow in standard sizes such as 9inch, 10inch, 12 inch & 14 inch pots. We also offer some non traditional options such as 6 inch pots for the home container enthusiast. as well as 10 inch & 14 inch hanging baskets, which are gaining popularity with customers. Our large apple basket combos offer customers a gorgeous example of the season!

*Your customers will
love these choices!*

FALL

FALL COMBO BASKETS & DECK POTS • FALL VARIETIES

Hionis Greenhouses has proudly served the New York Metro Area for two generations. Providing Poinsettia plants to prestigious events, famous landmarks, and delivering the holiday spirit to all. Our service to this demanding market has built our reputation and grown our business to serve the entire northeast. Our poinsettia plants come in a beautiful array of color variations, from traditional red to exotic leaves. Sizes vary from small 4" pots to enormous show-stopping sizes. We strive to grow the highest quality poinsettia to meet or beat our customers expectations.

*Grab the best of the holidays
for your customers!*

CARE TIPS

LIGHT & TEMPERATURE
 Grow indoors in indirect sunlight.
 Optimal temperature is 60°-70°F. Do not
 expose to temps under 40°F or over 85°F.

WATER
 Water the succulent every two weeks.
 A spray bottle is the easiest way to get
 the water into small openings.

FOOD
 Your succulents will benefit from regular
 fertilizer. Use a fertilizer with low nitrogen
 such as a 5-10-10. It's best to dilute the
 fertilizer to half strength to prevent burning.
 Your succulents spring in generally during
 late fall to early spring as this is when most
 succulents begin actively growing.

Hionis Greenhouses now offers a wide variety of succulents. The hottest decor accessory in the floral industry! Easy to grow & maintain. Loved by all and used in so many ways! Jump on board and increase sales with a succulent program.
